

CHAPTER 6**REINFORCEMENT****BLM 6-1****Classifying Materials****What to Do (use information from notes and from pages 136-139)**

Classify the materials in the table as pure substance or a mixture. Give a reason to support each classification (do they have only one type of particle or more than one?, more than 1 ingredient?).

Material	Pure substance or a mixture?	Reason
honey		
yogurt with fruit		
marshmallow		
raisin bread		
orange juice with pulp		
vanilla ice cream		
concrete side walk		
plastic cup		
ketchup		
sand		

****COMPLETE questions #1 – 3 from page 139 in your textbook on a separate piece of lined paper ****
