

## Electromagnetic Radiation Applications

Use with textbook pages 188-189.

Write a use for each type of electromagnetic radiation listed below. In the box, draw a picture to illustrate your example.

### 1. X-rays

Use: _____          
--

### 2. Radio Waves

Use: _____          
--

### 3. Gamma Rays

Use: _____          
--

### 4. Microwaves

Use: _____          
--

### 5. Infrared Radiation

Use: _____          
--

### 6. Ultraviolet Radiation

Use: _____          
--
